## COMPENSATION HIGHLIGHTS

---

### ■ Compensation Philosophy

- MasTec's objectives for its executive compensation program are to attract, motivate and retain a talented, entrepreneurial and innovative team of executive officers who will provide leadership for MasTec's success in dynamic and highly competitive markets
- We accomplish these objectives by providing our NEOs the following primary elements of compensation: base salary and annual performance-based incentives paid partially in restricted stock (as discussed in the "Compensation Discussion and Analysis" section on page [30](#))

### ■ Best Practices in our Compensation Programs:

- Three-year vesting period for equity awards
- Caps on annual bonuses
- Modest perquisites
- Use of independent compensation consultant to benchmark and analyze compensation metrics
- Stock ownership guidelines for our CEO, other NEOs and independent directors
- Anti-hedging and anti-pledging policies. The Board of Directors has, however, granted exceptions to these policies for our Chairman, our CEO, our EVP and CFO and our EVP, General Counsel and Secretary with respect to certain financing arrangements (for additional details, refer to Footnotes 3, 4, 8 and 9 of the "Security Ownership" section beginning on page [55](#))
- An enhanced clawback policy for incentive compensation compliant with SEC and NYSE requirements
- The Compensation Committee is composed solely of persons who qualify as independent directors under the listing standards of the NYSE

### ■ Practices We Do Not Engage In

- No re-pricing of stock options without shareholder approval (no options issued since 2006)
- No excise tax gross-up provisions in post-2016 employment agreements and commitment to not have in any new agreements
- No single trigger change in control provisions in post-2016 employment agreements and commitment to have double trigger provisions in any new agreements
- No defined benefit pension plan

- Our **Say-on-Pay** vote in 2025 was 82.7 percent in agreement with our compensation paid to our NEOs

## Sustainability and Social Responsibility

As a leading engineering and infrastructure construction services provider, we are committed to conducting our operations in a safe, fair, and socially and environmentally responsible manner that benefits our stakeholders, including our employees, customers, subcontractors, suppliers, investors and the communities in which we operate.

- **Leadership’s commitment.** We believe that sustainability principles are central to our mission and success. Sustainability principles and practices are embedded within our strategy, risk management and day-to-day operations. Our Sustainability Report and our Climate-Related Financial Risk Disclosure Report, together with our Nominating, Sustainability and Corporate Governance Board Committee charter can be found on our website.
- **Board oversight.** The Nominating, Sustainability and Corporate Governance Committee of our Board of Directors has oversight of sustainability matters for MasTec. We also have formal policies on Human and Labor Rights and Safety, Health and Environmental matters.
- **Stakeholder engagement.** Stakeholder engagement is a key element of our sustainability efforts and communications. We regularly engage with our investors, employees, customers, subcontractors, suppliers and communities to understand the priority sustainability issues for our business, and seek to monitor these issues and effectively communicate with our stakeholders to strengthen these relationships.

**Investing and Building for the Future.** We are committed to working together with our customers to expand, strengthen, diversify and upgrade our nation’s infrastructure – to build better, stronger and more versatile infrastructure to address the opportunities and challenges of our nation’s future. Investment in sustainable business opportunities is a key component of our business strategy for future growth. Through the construction services we provide, we help to modernize, connect and make our communities safer and more sustainable while helping to build our nation’s infrastructure, including the development and expansion of our nation’s clean energy footprint and the transformation of power delivery infrastructure to support the advancement of lower carbon energy sources, as well as the upgrade and development of pipeline infrastructure, including for water infrastructure and carbon capture sequestration.

As a leading North American clean energy contractor, we are committed to working with our customers to support the ongoing transition toward cleaner and more sustainable energy sources. Growing electricity demand and the need for more generation capacity is driving changes in U.S. energy infrastructure and diversification of energy sources, with increased reliance on renewable energy to meet these needs. Our Clean Energy and Infrastructure segment revenue has grown significantly from \$300 million in 2017 to approximately \$4.7 billion in 2025. Our renewable and other clean energy technologies business, which represented approximately 3%, or \$170 million of our consolidated revenue in 2017, has grown to approximately 19%, or \$2.7 billion of our consolidated revenue in 2025. We anticipate expanding growth opportunities for clean energy infrastructure due to growing demand for renewable energy resources to meet increasing electricity demand, as well as continued interest in mitigating the effects of a changing climate.

In addition, our telecommunications and install-to-the home services are expected to play a key role in expanding connectivity to and within homes and communities, including in rural areas, and, together with the development of Artificial Intelligence, or AI, and Internet of Things, or IoT, technologies, and improvements in wireless technologies, assisting in the transformation of our nation’s telecommunications infrastructure to better serve and connect communities and businesses across the United States. With a compelling suite of services, our operations include a focus on the following, among other services:

- The increasing need for power generation, including from renewable and other clean energy power sources, such as solar, wind, biomass, and hydrogen, and battery storage of renewable energy sources; industrial facility infrastructure; and civil infrastructure, including roads and transport-related infrastructure.
- Grid investment to support increasing demand for electricity, in part, from the surge in electrification, including from AI-related data center demand and the acceleration of electrification across transportation, industrial processes and homes, and the related changes in energy infrastructure to support these needs, including increased reliance on sustainable, renewable power sources; grid upgrades to accommodate the supply and demand requirements of renewable energy sources and to provide for the storage of electricity; innovative and smart energy solutions that digitize, modernize, secure and harden the grid, including from the potential effects of extreme and intensifying weather events; wildfire mitigation and restoration services; and the upgrade of aging and overstressed electric infrastructure.
- Pipelines for cleaner burning, lower carbon emission natural gas, which also serves as a baseload backup power source to support intermittent clean energy sources, and pipelines for liquefied natural gas; upgrades to improve the safety and reliability of pipeline infrastructure; methane reduction initiatives; carbon capture sequestration; water pipeline infrastructure, including weatherization efforts to promote climate resilience; and pipeline distribution and integrity services.

Sustainability principles and practices are embedded within our strategy, risk management and day-to-day operations. We strive to be recognized as a company that achieves our customers’ expectations safely, fairly and profitably, and in a manner that is environmentally responsible, socially aware and rewarding for all our stakeholders. We strive to achieve these goals through an organizational structure that provides excellent service delivery; establishes a reputation of integrity within the communities in which we work; and provides our team members growth opportunities, respect and fairness in a merit-based and injury-free environment.

We understand the importance of tracking and managing climate-related matters, including GHG emissions, and are in the process of implementing an enterprise-wide GHG emission tracking and reporting system. We initiated an enterprise-wide carbon footprint project at the beginning of 2025, including implementation of a software platform. As of December 2025, we completed an initial carbon footprint calculation for a pilot group of entities and will continue to implement this newly built process and platform across MasTec in 2026. We are also evaluating processes that will improve our ability to identify and manage our climate-related risks and opportunities on an enterprise-wide basis.

Some of our ongoing initiatives include:

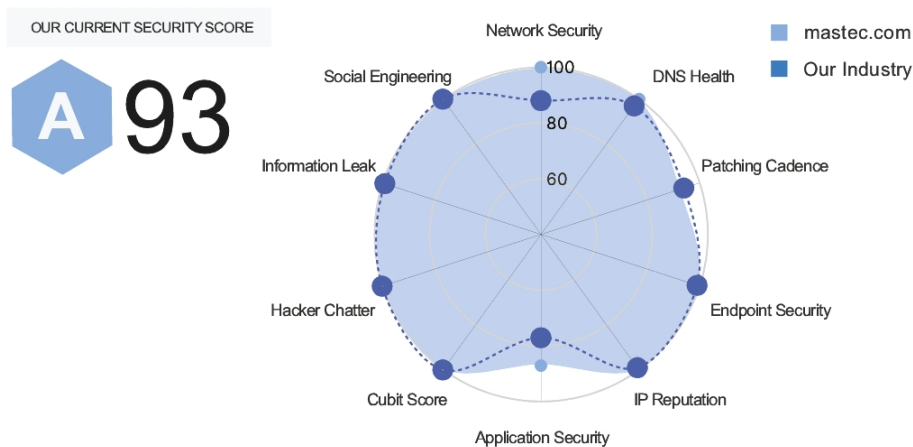

- fleet fuel efficiency optimization programs, including through the use of GPS, smart idling and other advanced technologies to improve fleet efficiency, fuel consumption and safety,
- investment by certain of our operations in equipment containing advanced emissions reduction technologies, helping to reduce our carbon footprint,
- recycling programs,
- detailed procedures for the disposal of hazardous waste,
- incorporation of energy efficiencies and conservation measures in our corporate facilities,

- proactive management of environmental controls to monitor compliance with permit conditions and to preserve protected resources, including streams, wetlands and aquatic life, endangered species, their habitats and nesting areas and high conservation value habitats, as well as archaeological and traditional cultural properties,
- the development of an enterprise-wide environmental management reporting system across our operations, with reporting to our executive management team, and
- systematic monitoring of key performance indicators to allow us to measure and monitor our performance, identify behavioral trends and implement mitigation strategies to minimize compliance risk and achieve continuous improvement.

**CYBER**

The following charts were prepared by Security Scorecard for our Board of Directors. Security Scorecard measures security performance based upon evidence of compromised systems, diligence, user behavior and security incidents to provide an evidence-based measure of performance. Our Audit Committee routinely reviews our scorecard as part of its oversight of cyber security risks. For more information regarding our cybersecurity risk management, strategy and governance, please see Item 1C, "Cybersecurity" contained in our Form 10-K for the year ended December 31, 2025.

We plan and act for the future, for the long-term good of our company, our customers and our communities. We are active in our local communities and participate in charitable giving, community outreach and community building programs, including disaster relief efforts for communities affected by hurricanes, flooding and similar events. We also have an unwavering commitment to our team members in times of need. We donated approximately \$3.9 million to charitable causes in 2025. In addition to community outreach programs, we seek to develop strong relationships with our local communities, businesses, subcontractors and suppliers, and we have been recognized for our efforts in community and outreach programs by various organizations.

We place a significant priority on respectful collaboration with our local communities, including indigenous communities, and have a notable military veteran workforce, to whom we give recognition annually in our company newsletter, "Fast Break." We support our local communities by utilizing local businesses for goods and services, including for project crews and office operations, and we are active members of our local chambers of commerce and economic development organizations. Through our community outreach efforts, we are proud to have a military veteran workforce approximating 4% of our workforce in 2025.

Encouraging good health and following a healthy lifestyle is a MasTec philosophy. We encourage all our employees to take an active role in living a healthy lifestyle and offer wellness tools and resources to help achieve and maintain good health. To attract and retain talent, we offer comprehensive compensation and flexible benefits packages that include health insurance as well as access to

## Governance of the Company

### DIRECTOR INDEPENDENCE

---

The Board, in the exercise of its reasonable business judgment, has determined that a majority of our directors qualify as independent directors pursuant to applicable NYSE and SEC rules and regulations. In making the determination of independence, the Board considered that no independent director has a material relationship with MasTec, either directly or as a partner or shareholder of an organization that has a relationship with MasTec, or any other relationships that, in the Board's judgment, would interfere with the director's independence. In arriving at this conclusion, our Board of Directors made the affirmative determination that C. Robert Campbell, Ernst N. Csiszar, Robert J. Dwyer, Julia L. Johnson, Javier Palomarez and Ava L. Parker meet the Board's previously adopted categorical standards for determining independence in accordance with the NYSE's corporate governance rules. The Board of Directors determined that there were no transactions or relationships between each Director or any member of his or her immediate family and MasTec and its subsidiaries and affiliates except those transactions reported below under the "*Certain Relationships and Related Party Transactions*" section. Our Board of Directors determined that each of these transactions and relationships was within the NYSE standards and our categorical standards and that none of the transactions or relationships affected the independence of the Director involved. Our adopted categorical standards for determining independence in accordance with the NYSE's corporate governance rules are contained in our Governance Principles, a copy of which is available on our website at [www.mastec.com](http://www.mastec.com). The reference to our website address does not constitute incorporation by reference of the information contained on the website, and such information is not a part of this Proxy Statement.

Through shareholder feedback we recognize that gender diversity is important to our shareholders and, as a result, we have a formal policy to include women and minorities in the initial pool of candidates for any new or replacement Board positions.

### BOARD LEADERSHIP STRUCTURE

---

The Board holds executive sessions of the independent directors at every regularly scheduled Board meeting. The Board, with six directors deemed independent, maintains a percentage of independent directors serving on the Board above the NYSE requirement that a majority of directors be independent.

The Board conducts its business through meetings of the full Board and through committees of the Board, including the Executive Committee, the Audit Committee, the Compensation Committee, the Finance and Mergers and Acquisitions Committee, and the Nominating, Sustainability and Corporate Governance Committee. Ad hoc committees are formed as needed. The Board and its committees also act by written consent. During 2025, the Board met on five occasions, for which each of the directors who served during 2025 attended at least 75% of the Board meetings and at least 75% of the meetings of each committee on which such director served.

MasTec separates the roles of CEO and Chairman of the Board in recognition of the differences between the two roles. The CEO is responsible for determining the strategic direction for MasTec and the day-to-day leadership and performance of MasTec. The principal responsibility of the Chairman of the Board is to serve as chief administrative liaison between our directors and our management and to monitor implementation of the Board's directives and actions.

MasTec does not have a policy requiring that our directors attend the Annual Meeting. All of the directors attended our 2025 Annual Meeting.

### LEAD INDEPENDENT DIRECTOR

---

Robert J. Dwyer has been selected, by a majority vote of the independent directors, as the lead independent director to preside over all executive sessions of the independent directors. Mr. Dwyer will serve as lead independent director until his successor is duly qualified at the next annual meeting of the Board or until his earlier resignation or removal. In this role, Mr. Dwyer is responsible for facilitating communication between management and the Board. The independent directors meet separately in regularly scheduled executive sessions without management.

### RISK OVERSIGHT

---

The Board is involved in the oversight of risks that could affect MasTec. The committees of the Board are primarily responsible for the oversight of risk as follows: the Audit Committee has oversight over accounting and control risks, as well as enterprise risk assessment and risk management, including cyber security; the Compensation Committee has oversight to ensure that our compensation and incentive plans do not encourage or incentivize risk taking; the Nominating, Sustainability and Corporate Governance Committee oversees the independence of the Board, corporate ethics, sustainability and governance risk; and the Finance and Mergers and Acquisitions Committee has oversight over financial policies, acquisition strategy and financial strategy. However, the full Board has retained responsibility for enterprise-wide risks and for the general oversight of risks including cyber-related risks. The Board satisfies this responsibility by receiving reports from the committee chairs, as well as regular reports received directly from officers of MasTec who are responsible for overseeing and monitoring risks. Risk related to our compensation policies is described in the "*Risk Considerations in Our Compensation Programs*" section on page 40 of this Proxy Statement.

**NOMINATING, SUSTAINABILITY AND CORPORATE GOVERNANCE COMMITTEE****2025 Meetings:** 4**Chair:** Julia L. Johnson**Members:**

Robert J. Dwyer

Javier Palomarez

Ava L. Parker

The Nominating, Sustainability and Corporate Governance Committee is charged with oversight of sustainability matters and initiatives in addition to its nominating and governance duties. The Board, in the exercise of its reasonable business judgment, has determined all the members of the Nominating, Sustainability and Corporate Governance Committee are independent under applicable NYSE and SEC rules and regulations. The Nominating, Sustainability and Corporate Governance Committee is responsible for developing qualifications for members of the Board, recommending to the Board candidates for election to the Board and evaluating the effectiveness and performance of the Board. The Nominating, Sustainability and Corporate Governance Committee also develops and monitors MasTec's Governance Principles and its code of business conduct and ethics; monitors and safeguards the Board's independence; and annually undertakes performance evaluations of the Board committees and the full Board. The Board has adopted a charter that sets forth the responsibilities of the Nominating, Sustainability and Corporate Governance Committee.

The Nominating, Sustainability and Corporate Governance Committee has no specific minimum qualifications for director candidates. In general, however, people considered for membership on the Board must have demonstrated leadership capabilities, be of a sound mind and high moral character and be willing and able to commit the necessary time for Board and committee service. In light of the importance of Board composition for effective oversight, the Nominating, Sustainability and Corporate Governance Committee strives to maintain an appropriate balance of tenure, variety of perspectives, skills and experience on the Company's Board. The Committee has instituted a policy that the initial pool of candidates for any new board position include women and minorities in accordance with its charter. In evaluating potential candidates for service on the Board, the Nominating, Sustainability and Corporate Governance Committee will consider the candidate's ability to satisfy the NYSE's and SEC's independence requirements and the candidate's ability to contribute to the effective oversight and management of MasTec. The Board has determined that the Board must have the appropriate variety of perspectives, mix of characteristics, skills and other qualities identified from time to time by the Board as being important in fostering an effective and sustainable culture, for the optimal functioning of the Board in its oversight of MasTec, and such other factors as the Nominating, Sustainability and Corporate Governance Committee may, in its discretion, deem important to successful service as a director.

The Nominating, Sustainability and Corporate Governance Committee will consider candidates recommended by MasTec shareholders pursuant to written applications submitted to the Nominating, Sustainability and Corporate Governance Committee, c/o Corporate Secretary, MasTec, Inc., 800 S. Douglas Road, 12th Floor, Coral Gables, Florida 33134. The information required to be included in any such recommendation is set forth in our bylaws, and the general qualifications and specific qualities and skills established by the committee for directors are included in the charter of the Nominating, Sustainability and Corporate Governance Committee and our Governance Principles. No nominee recommendations were received by the Nominating, Sustainability and Corporate Governance Committee from any shareholder or group of shareholders who beneficially own more than five percent of our common stock for the previous year's Annual Meeting of Shareholders.

## COMPENSATION OF DIRECTORS

### 2025 Director Compensation

In May 2024, the Compensation Committee directed its independent compensation consultant, Meridian Compensation Partners, LLC (“Meridian”) (see the “*Role of Compensation Consultant*” section on page 36 regarding the Compensation Committee’s retention of Meridian), to conduct a competitive review of MasTec’s independent director compensation program. Meridian’s review assessed our independent director compensation program against peer group practices (Meridian used the same peer group to assess our Named Executive Officers’ compensation that is described below under the caption “*Role of Peer Companies and Benchmarking*”).

Based upon the results of the competitive review, since July 1, 2024 the annual retainer has been set at \$300,000, and is paid on a quarterly basis, the lead Director retainer has been set at \$40,000 and the Audit Committee Chair retainer has been set at \$30,000.

A minimum of 55% of the compensation must be taken in the form of common stock to be issued under the MasTec, Inc. Amended and Restated 2013 Incentive Compensation Plan, which we refer to as the 2013 ICP, but directors may elect to take a greater portion of the quarterly fee in common stock and committee chairpersons may elect to take all or a portion of their annual retainers in the form of common stock. Shares will be valued at the last sale price of the common stock on the NYSE at the close of trading on the applicable quarterly payment date. Directors must make an initial election during an open trading window under MasTec’s insider trading policy and can change such election during an open trading window. The remainder of the retainer, if any, will be paid in the form of cash.

Since January 1, 2020, our independent director compensation policy provides that independent directors must own, at the end of each calendar quarter, a minimum of \$500,000 in Company common stock valued based on the average closing price of the Company’s common stock on the NYSE during the 30 trading days preceding such quarter-end. Independent directors have five years to meet the requirement and new independent directors have a five-year exception period to meet such requirement. No independent director serving more than five years as of 2025 owned less than \$2,482,800 in Company common stock as of December 31, 2025. See the “*Stock Ownership and Retention Guidelines*” section on page 40 for more information on our stock ownership and retention guidelines.

Independent Director Compensation is summarized in the following table:

Compensation Component	Director Compensation
Annual Board Retainer	\$300,000
Lead Independent Director	\$40,000
Audit Committee Chair	\$30,000
Compensation Committee Chair	\$15,000
Nominating, Sustainability and Corporate Governance Committee Chair	\$15,000
Finance and Mergers & Acquisitions Committee Chair	\$5,000
Stock Ownership Requirement	\$500,000

### Jorge Mas Compensation

Jorge Mas has been an employee of MasTec (or its predecessor) since 1979 and Chairman of our Board since 1998. In addition, Mr. Mas previously served as Chief Executive Officer of MasTec, during which time, he had day-to-day policy making responsibilities. Despite relinquishing the CEO position, Mr. Mas, through his continuous service as our chairman, his in-depth knowledge of our industry and our Company, his relationships with governmental leaders who are critical to our business, as well as the special relationship he has to MasTec as a member of its founding family and as a significant shareholder, fulfills a vital role for the Company.

Although Jorge Mas does not have a policy making role, his involvement in MasTec’s management goes far beyond that of a director. His day-to-day role involves substantial consultation and collaboration with our CEO, Jose R. Mas, as well as other members of senior management. Jorge Mas provides constant and significant real-time assistance to our CEO and management team with respect to critical and sensitive strategic and other fundamental business issues such as government relations, mergers and acquisitions and financing. His commitment, both in time and substance, far exceeds that which would be contributed by a director. In addition, Mr. Mas’s breadth of industry knowledge and long tenured experience with the Company enable him to provide invaluable advice and counsel to our CEO and other members of management. Given this active role and Mr. Jorge Mas’s relationship to our CEO, beginning in 2017, the Board directed the Compensation Committee, made up entirely of independent directors, to determine appropriate compensation for Mr. Mas. Mr. Mas does not receive any compensation for his status as our Chairman of the Board.

For 2025, pursuant to applicable recommendations and approvals of the Compensation Committee and the independent directors of the Board (including those serving on the Compensation Committee), Mr. Jorge Mas received the following compensation package for 2025:

- The grant by the Compensation Committee on March 18, 2026, of a cash bonus of \$1,350,000 and a grant of 15,838 shares of restricted stock with a market value of approximately \$4,800,000.\*
- Mr. Mas also received: (i) imputed income of \$12,434 for life insurance policies on the lives of Mr. and Mrs. Jorge Mas that are owned by MasTec and are subject to a split dollar arrangement, (ii) medical insurance benefits of \$12,824, (iii) Executive Supplemental Long-Term Disability benefits of \$7,656, (iv) auto lease of \$26,843, (v) miscellaneous income of \$12,824 and (vi) \$25 of employee anniversary and holiday gift cards. See the “*Certain Relationships and Related Party Transactions*” section on page 58 for a description of the split-dollar agreement that MasTec entered into with Mr. Jorge Mas.

**Deferred Fee Plan**

Under the terms of the MasTec, Inc. Deferred Fee Plan for Directors, as amended, or the Deferred Fee Plan, directors may elect to defer the receipt of cash and stock fees for their services as directors. Each director may elect the type and percentage of fees to be deferred. Deferred cash fees may be directed to a deferred cash account or a deferred stock account (or both). Deferred stock fees may only be directed to a deferred stock account. Elections to defer fees remain in force unless amended or revoked within the required time periods. MasTec will periodically credit gains, losses and earnings to a director’s deferred cash account in accordance with the investment options selected by the director, until the full balance of the director’s deferred cash account has been distributed. The deferred stock account will be credited with stock dividends (or with cash dividends that are converted to deferred stock credits pursuant to the Deferred Fee Plan). Distribution of a director’s cash and stock accounts will begin on January 15 of the year following the directors’ termination of all services with us or, in the case of a change of control (as defined in the Deferred Fee Plan), in a lump sum as soon as practicable following such change of control. Distributions from the deferred cash account will be made in cash and distributions from the deferred stock account will be made in shares of MasTec’s common stock. Distributions on account of a director’s termination of all services with us will either be made in a lump-sum payment or in up to five consecutive installments as elected by the director.

## COMMUNICATIONS WITH DIRECTORS

---

Interested parties who want to communicate with the Board as a whole, the lead independent director or any individual Board member should mark their communications as “Communication to the MasTec, Inc. Board of Directors,” address them to the Board, the lead independent director or a Board member, as the case may be, and direct them to MasTec’s Vice President of Investor Relations at MasTec, Inc., 800 S. Communications to the non-management members of the Board should be marked clearly as such and should be directed to MasTec’s “Board Designee” and mailed or emailed to the foregoing addresses. The Vice President of Investor Relations will forward all such communications directly to such Board members. Any such communications may be made on an anonymous and confidential basis.

## CODE OF BUSINESS CONDUCT AND ETHICS

---

MasTec has adopted a code of business conduct and ethics, called the Code of Business Conduct and Ethics, which applies to all our directors, officers and employees and includes additional criteria that are applicable to our CEO and senior financial officers. The full text of the Code of Business Conduct and Ethics is available in the Investor section of MasTec’s website at [www.mastec.com](http://www.mastec.com) under the tab “Corporate Governance” and is available in paper copy without charge to any shareholder who requests it. ## PROPOSAL NO. 1: Election of Directors

The Board has nominated Ernst N. Csiszar, Julia L. Johnson and Jorge Mas to stand for election as Class I Directors to hold office until the 2029 Annual Meeting of Shareholders and until their respective successors are elected and qualified. The Class I director nominees are incumbent directors.

The Board is composed of eight directors elected in three classes, with three Class I Directors, two Class II Directors and three Class III Directors. We have maintained a classified board structure since MasTec became a public company in 1994. Our Board believes this approach provides greater board stability that allows us to execute on strategies that deliver long-term shareholder value, such as the multi-year strategic transition that now allows us to capitalize on the growing demand for renewable energy and power delivery services. Our Board also believes that our classified structure is a key factor that allows us to continue to meet the criteria necessary to maintain our certification as a Minority-Controlled Company by the National Minority Suppliers Development Council. This certification allows MasTec to be recognized as a minority contractor throughout the United States and across a range of industries that we serve, which assists us in winning new business.

Except as otherwise provided under our Amended and Restated Bylaws and the Florida Business Corporation Act, directors in each class hold office for three-year terms. The terms of the classes are staggered so that the term of only one class terminates each year. The terms of the current Class I Directors expire at the Annual Meeting, the terms of the Class II Directors expire at the 2027 Annual Meeting of Shareholders and the terms of the Class III Directors expire at the 2028 Annual Meeting of Shareholders. If elected, the nominees for Class I Directors will serve until the 2029 Annual Meeting of Shareholders. Additional background information regarding the nominees for election is provided in the “*Board and Committee Membership*” section beginning on page 15. MasTec has no reason to believe that any of these nominees will refuse or be unable to serve as a director if elected; however, if any of the nominees refuses or is unable to serve, each proxy that does not direct otherwise will be voted for a substitute nominee designated by the Board.

✓ *The Board recommends that you vote “FOR” the election of each of the nominees named above. Unless otherwise indicated, all proxies will be voted “FOR” the election of each of the nominees named above for election as a Class I Director.*

## PROPOSAL NO. 2: Ratification of the Appointment of Independent Registered Public Accounting Firm

The Audit Committee has selected and appointed the firm of PricewaterhouseCoopers LLP to act as our independent registered public accounting firm for the 2026 fiscal year. PricewaterhouseCoopers LLP was our independent registered public accounting firm for the fiscal year ended December 31, 2025. Although ratification is not required by our bylaws or otherwise, the Board is submitting the appointment of PricewaterhouseCoopers LLP to our shareholders for ratification as a matter of good corporate practice. If the appointment is not ratified, the Audit Committee will re-evaluate its appointment, taking into consideration our shareholders' vote. However, the Audit Committee is solely responsible for the appointment and termination of our auditors and may do so at any time in its discretion. A representative from PricewaterhouseCoopers LLP is expected to attend the Annual Meeting and will have the opportunity to make a statement and answer appropriate questions.

Proxies will be voted "for" ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the 2026 fiscal year absent contrary instructions.

✓ *The Board Recommends that You Vote "FOR" ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the 2026 fiscal year.*

These reportable events were discussed among the Audit Committee and BDO USA, P.C. BDO USA, P.C. has been authorized by the Company to respond fully to the inquiries of PricewaterhouseCoopers LLP, the successor independent registered public accounting firm, concerning these reportable events.

The Company provided BDO USA, P.C. and PricewaterhouseCoopers LLP with a copy of the foregoing disclosures it is making in this Proxy Statement on Schedule 14A and informed each such accounting firm that if it believes that any of the statements made in such disclosures are incorrect or incomplete, it may present its views in a brief statement to be included in this Proxy Statement, which neither firm elected to do.

## 2026 REPORT OF THE AUDIT COMMITTEE

---

*The following report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any of MasTec's filings under the Securities Act or the Exchange Act except to the extent that we specifically incorporate such report by reference.*

We act under a written charter that has been adopted by MasTec's Board. While we have the responsibilities set forth in this charter, it is not our duty to plan or conduct audits or to determine that MasTec's consolidated financial statements are complete, accurate or in compliance with generally accepted accounting principles. This is the responsibility of MasTec's management and independent registered public accounting firm.

Our primary function is to assist the Board in its evaluation and oversight of the integrity of MasTec's financial statements and internal control over financial reporting, the qualifications and independence of MasTec's independent registered public accounting firm and the performance of MasTec's audit functions. In addition, while we are also responsible for assisting the Board in its evaluation and oversight of MasTec's compliance with applicable laws and regulations, it is not our duty to assure compliance with such laws and regulations and related policies. We are also responsible for reviewing and discussing MasTec's guidelines, policies and processes with respect to risk assessment and risk management and we advise the Board with respect to such matters, as appropriate. We are responsible for retaining MasTec's independent registered public accounting firm and maintain sole responsibility for its compensation, oversight and termination. We are also responsible for pre-approving all non-audit services to be provided by the independent registered public accounting firm, and on an annual basis discussing with the independent registered public accounting firm all significant relationships it has with MasTec to determine its independence. The Audit Committee also oversees the internal audit function of MasTec.

The agenda of the Audit Committee is established by the Chairman of the Audit Committee. At its meetings, the Audit Committee generally meets with senior members of the financial management team. Members of the Audit Committee had private executive sessions, as appropriate, at its meetings, with MasTec's independent registered public accounting firm for the purpose of discussing financial management, accounting and internal control issues, including those matters required to be discussed pursuant to the applicable requirements of the Public Company Accounting Oversight Board ("PCAOB") and the SEC, and the rules of the NYSE. The Audit Committee also has executive sessions with the director of internal audit.

The Audit Committee also received the written disclosures and the letter from the independent registered public accounting firm required by the applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence. The Audit Committee reviewed and discussed with the independent registered public accounting firm its independence from MasTec. In connection with discussions regarding independence, the Audit Committee also reviewed with the independent registered public accounting firm whether the provision of non-audit services by the independent registered public accounting firm to MasTec is compatible with the auditors' independence.

The Audit Committee reviewed the audited financial statements contained in MasTec's Annual Report on Form 10-K for the fiscal year ended December 31, 2025, with MasTec's management, including a discussion of the accounting principles, the reasonableness of judgments and estimates, the clarity of disclosure in the consolidated financial statements and the conformity of the consolidated financial statements of MasTec with generally accepted accounting principles. In performing its functions, the Audit Committee acts in an oversight capacity. The Audit Committee relies on the work and assurances of MasTec's management, which has the primary responsibility for the financial statements and reports, and of the independent registered public accounting firm, which, in its report, expressed an opinion on the conformity of our annual financial statements with generally accepted accounting principles. In reliance on these reviews and discussions, and the report of the independent registered public accounting firm, the Audit Committee recommended to the Board, and the Board approved, that the audited financial statements be included in MasTec's Annual Report on Form 10-K for the year ended December 31, 2025.

## PRE-APPROVAL POLICIES

The Audit Committee pre-approves all auditing services and the terms of such services (which may include providing comfort letters about securities underwritings) and non-audit services provided by our independent registered public accounting firm, but only to the extent that the non-audit services are not prohibited under applicable law and the Audit Committee reasonably determines that the non-audit services do not impair the independence of the independent registered public accounting firm. The authority to pre-approve non-audit services may be delegated to one or more members of the Audit Committee, who present all decisions to pre-approve an activity to the full Audit Committee at its first meeting following such decision. The pre-approval requirement is waived with respect to the provision of non-audit services for MasTec if (i) the aggregate amount of all such non-audit services provided to MasTec constitutes not more than 5% of the total amount of revenues paid by MasTec to its independent registered public accounting firm during the fiscal year in which such non-audit services were provided, (ii) such services were not recognized at the time of the engagement to be non-audit services, and (iii) such services are promptly brought to the attention of and approved by the Audit Committee or by one or more of its members to whom authority to grant such approvals has been delegated by the Audit Committee. The Audit Committee has considered and determined that the provision of the non-audit services described above is compatible with maintaining the auditor's independence.

During 2024 and 2025, audit services, audit related services and all other services provided by PricewaterhouseCoopers LLP were pre-approved by the Audit Committee.

# Compensation Discussion and Analysis

## A MESSAGE FROM OUR COMPENSATION COMMITTEE

---

Since 2007, the first year that both Jose R. Mas, our Chief Executive Officer (“CEO”), and Robert Apple, our Chief Operating Officer (“COO”), assumed their roles, they have led the Company through a period of strategic diversification, operational excellence, disciplined capital allocation and sustained growth. Under their leadership, MasTec has grown from \$940 million in revenue in 2006 to a record \$14.3 billion in revenue in 2025, reflecting the successful execution of their long-term strategic plan focused on building a diversified, market-leading infrastructure construction company.

During this period, MasTec has transformed its business through a combination of organic growth and strategic acquisitions, resulting in diverse service offerings across Communications, Clean Energy and Infrastructure, Power Delivery and Pipeline Infrastructure end markets. With the support and oversight of our Board of Directors, our executive team has executed a multi-year strategic plan designed to position the Company for long-term growth aligned with significant infrastructure and energy-related trends.

Since 2020, this strategy has shifted MasTec’s end-market exposure toward broad-based markets benefiting from favorable long-term growth trends. For example, the industries in which the Company operates are undergoing significant transformation driven by macroeconomic, technological, and regulatory developments, including increased data consumption and deployment of artificial intelligence applications and data centers; rising levels of electrification across commercial, industrial and residential end-users; the ongoing transition of the U.S. energy mix toward lower-carbon and renewable resources; and increased federal, state and local investment in critical infrastructure. With its diversified service offerings, MasTec is well positioned to meet anticipated multi-year increases in customer demand arising from these developments. Our management team’s execution of this transformation, while delivering strong financial and operational results and overseeing a portfolio that includes larger, more complex projects, demonstrates effective leadership in advancing the Company’s long-term strategic objectives.

In late 2020, when the Company generated \$6.3 billion in revenue, our executive team set a long-term goal of achieving \$10 billion in annual revenue. While ambitious at the time, MasTec reported a record of \$14.3 billion in revenue in 2025, along with record net income of \$422 million and record adjusted EBITDA of \$1.2 billion, and has provided revenue guidance of \$17.0 billion for 2026. We believe that our executive team’s long-term strategy has established a strong foundation for continued growth and long-term value creation.

Paul DiMarco, our EVP and Chief Financial Officer (“CFO”), also played a critical role in the Company’s performance during 2025. Under his leadership, the Company strengthened its financial foundation through disciplined capital allocation, targeted capital investments to support growth, effective working capital management, and the continued reduction in our acquisition-related indebtedness. These actions supported the Company’s ability to fund expanding operations and manage an increasingly large and complex project portfolio, while also enhancing financial flexibility to pursue a disciplined, returns-focused capital allocation strategy to support continued growth and create long-term shareholder value. These efforts supported the maintenance of investment-grade credit ratings, an important competitive advantage in our capital-intensive infrastructure markets.

We are fortunate to have a very strong senior leadership team guiding our Company in a challenging, complex and constantly changing business environment. We believe that our executive compensation program plays a critical role in retaining and incentivizing our leadership team members, rewarding them for achieving long-term improvement in our operating results and positioning us to take advantage of changing markets and customer demand, aligning their interests with those of our shareholders and building long-term value for our shareholders and other stakeholders.

Our compensation program’s key objectives are to reward our executive team for its efforts and results, to retain our best performing and successful team members and to attract new talent that can help MasTec achieve its strategic and operating goals and increase the productivity, efficiency, quality and sustainability of our operations.

In this compensation discussion and analysis, we present information about the compensation paid to our NEOs for 2025: Jose R. Mas, our CEO, Robert Apple, our COO, Paul DiMarco, our EVP and CFO, and Alberto de Cardenas, our EVP, General Counsel and Secretary. We have provided information regarding how our executive compensation program works and the decisions made about pay, as well as how those decisions were made. We believe that it is a key job to communicate to our shareholders about our compensation program and to help you understand the rationale for our compensation decisions to support our executive compensation program and to contribute to MasTec’s success.

We appreciate your inclusion of MasTec in your investment portfolio and your support for our Company as we continually strive to meet our customers' demands and build long-term and sustainable value for our shareholders.

### OUR GENERAL PHILOSOPHY REGARDING EXECUTIVE PAY

MasTec's objectives for its executive compensation program are to attract, motivate and retain a talented, entrepreneurial and innovative team of executive officers who will provide leadership for MasTec's success in dynamic and highly competitive markets. MasTec seeks to accomplish these objectives in a way that rewards both company and individual performance and aligns our executives' interests with our shareholders' long-term interests.

The compensation for each NEO consists of two primary elements: base salary and annual performance bonus, the latter of which is paid partially in restricted stock. Base salaries provide a fixed level of compensation necessary to attract and retain our executive officers. However, the greatest portion of our NEOs' compensation (an average of 86% for 2025) is in the form of at-risk variable annual performance bonuses.

- *Our annual performance bonus, which is paid partially in cash and partially in time-vested restricted stock, encourages retention, incentivizes achievement of key operating results and long-term strategic goals and rewards the creation of long-term shareholder value.*

When we set compensation amounts and select compensation components for our executive management, we strive to reward the achievement of both short-term and long-term results that promote earnings growth and stock appreciation. Our primary measure is adjusted EBITDA. Other primary measures include three-year revenue growth, three-year EPS' growth and return on invested capital ("ROIC").<sup>1</sup> Overall, our compensation philosophy supports market-competitive base pay levels with meaningful incentive opportunities to promote strong performance. This compensation philosophy extends to all levels of our management.

In 2025 we did not have specific policies governing the allocation of total compensation between long-term and short-term compensation or between cash and non-cash compensation. However, the Compensation Committee considered the achievement of long-term goals when making its compensation decisions. By awarding the majority of incentive compensation in the form of restricted stock, subject to a three-year cliff vesting schedule, the Compensation Committee linked at least 50% of incentive compensation to achievement of long-term shareholder value. The Compensation Committee set the mix and level of performance-based and retention-oriented pay for each NEO based on market data and its independent judgment taking into account a variety of factors such as position, experience, individual performance and Company performance.

These elements are designed to reward corporate and individual performance in a simple and straightforward manner through future appreciation of the value of MasTec's stock. We believe that this emphasis on long-term value also contributes to the sustainability of our business. MasTec's executive compensation program is also intended to promote and retain stability within the executive team.

Each NEO is a member of MasTec's executive team. To that end, our NEOs, as well as other executives, are expected to contribute to MasTec's overall success rather than focus solely on specific objectives within each executive's area of responsibility. Given this team-based approach, MasTec considers relative compensation levels among all executive team members to ensure that our compensation programs are applied consistently and equitably.

<sup>1</sup> Revenue growth is the change in Revenue over a specific time period; EPS Growth is the change in Earnings per Share over a specific time period. Return on Invested Capital for a specific time period is net income divided by debt plus equity.

The following charts summarize our CEO's and other NEOs' compensation mix among base salary, short term incentive pay (cash bonuses), and long-term incentive pay (three-year cliff vesting restricted stock) based on 2025 performance:

## ROLE OF COMPENSATION COMMITTEE

---

The Compensation Committee of our Board is responsible for assessing recommendations for pay and approving pay levels for our executive management.

The Compensation Committee targets NEO compensation levels with the following goals in mind:

- Market-competitive base pay.
- Short-term and long-term incentive grants that appropriately reward past performance and share value appreciation, create incentives for long-term growth in MasTec's financial performance and shareholder value, as well as promote executive retention.
- Levels of benefits and modest perquisites adequate to attract and retain talented and qualified executive officers.

The Compensation Committee determines and approves all compensation for the NEOs (other than the CEO) and recommends to the independent members of the Board compensation for the CEO. The Company compiles information for the Committee's review. Then the Compensation Committee conducts an evaluation of each NEO to determine if changes in the officer's compensation are appropriate based on the considerations described below.

At the Compensation Committee's request, the CEO provides input regarding the performance and appropriate compensation of the NEOs other than himself. The CEO does not participate in the Compensation Committee's deliberations or decisions about his own compensation. The Compensation Committee gives considerable weight to the CEO's evaluation of the other NEOs because of his direct and in-depth knowledge of each executive's performance. In setting each NEO's compensation (other than the CEO's compensation), the Compensation Committee considers the CEO's pay recommendations, each such NEO's role, each such NEO's performance, internal pay comparisons, relevant market data, and the Company's performance. Separately, based on its independent evaluation of the CEO's performance, the Compensation Committee recommends our CEO's compensation to the independent members of the Board for their consideration and final approval. The Compensation Committee also administers our incentive compensation plans, including the 2013 ICP.

## ROLE OF COMPENSATION CONSULTANT

The Compensation Committee retained Meridian as its independent compensation consultant. The Compensation Committee from time to time uses the services of Meridian to assist in benchmarking executive and director compensation. Other services provided by Meridian to the Compensation Committee included review of the compensation peer group, legislative and governance updates and assistance with proxy statement disclosure. Meridian did not assist MasTec in adjusting compensation levels and did not attend any meetings of the Compensation Committee.

Other than as described above and below, Meridian provided no other services to the Compensation Committee and provided no services to management during fiscal 2025. The Compensation Committee, considering all relevant factors, including those set forth in applicable SEC and NYSE rules, is not aware of any conflict of interest that has been raised by the work performed by Meridian.

## ROLE OF PEER COMPANIES AND BENCHMARKING

The Compensation Committee was assisted by Meridian to construct a peer group appropriate for market comparisons of compensation for our NEOs and outside directors. Following a review in the fall of 2025, the Compensation Committee determined that the peer group should remain unchanged from the prior year, which peer group was constructed in 2022. Meridian provided the Compensation Committee with a competitive analysis of compensation for our NEOs relative to the peer group (the "Competitive Analysis"). Data from the peer group was used to inform 2025 pay decisions.

Based on revenues for the fiscal year ended 2025, MasTec was near the median of the peer group.

### Peer Group

Jacobs Solutions Inc.	KBR, Inc.	Dycom Industries, Inc.	WSP Global Inc.
AECOM	Tutor Perini Corporation	Leidos Holdings, Inc	AtkinsRéalis Group Inc.
Quanta Services, Inc	Primoris Services Corporation	Textron Inc	
EMCOR Group, Inc.	Tetra Tech, Inc	Fluor Corporation	

The Compensation Committee reviewed information in the Competitive Analysis regarding peer median executive compensation with respect to the mix and amount of each pay component (base salary, cash bonus and long-term incentives). Separately, the Compensation Committee evaluated our financial performance relative to the peer group and considered that information, among other things, when it determined total compensation levels.

The Compensation Committee did not, however, set compensation components (or total target compensation) to meet specific market benchmark percentiles to avoid compensation unrelated to the value delivered by the NEOs or the performance of MasTec. At MasTec, annual incentive compensation awards are heavily based on prior year corporate and individual performance.

## SAY ON PAY AND SHAREHOLDER OUTREACH

At our 2025 annual meeting, our Say-On-Pay proposal received the support of approximately 83% of the shareholders casting their votes. We engage with key shareholders to discuss and obtain feedback on our corporate governance, executive compensation and sustainability-related matters, as well as other issues important to our shareholders. Our stock ownership guidelines for our NEOs and our clawback policy, which we had in place prior to our new policy mandated by SEC and NYSE rules that took effect in 2024, also resulted from past shareholder outreach efforts. The Compensation Committee considered the results of the most recent Say on Pay vote as evidence of shareholder satisfaction with the Company's executive compensation program and policies and therefore, made no changes to the program as a result of the vote.

## COMPONENTS OF OUR EXECUTIVE COMPENSATION FOR 2025

The primary components of compensation paid to our NEOs are base salary and performance-based annual bonuses paid partially in cash and partially in time-based restricted stock. Each element is described in more detail below.

Decisions with respect to one element of compensation tend not to affect decisions regarding other elements.

Component	Objective	Type of Compensation
<b>Fixed pay</b>	Our objective for base salary is to provide our NEOs a minimum, fixed level of cash compensation commensurate with their positions and qualifications. Base salary is designed to reward core competence in each NEO's role. We choose to pay base salary for talent attraction and retention. Salaries are set based on the performance of the NEO; market data adjusted for individual qualifications and job uniqueness.	Bi-weekly cash base salary. Salaries initially are negotiated and set forth in employment agreements with each NEO and thereafter reviewed annually.
<b>At Risk Pay</b>	An objective of our 2013 ICP is to reward NEOs for Company and individual performance during the prior year. The 2013 ICP is designed to reward NEOs for contributions as members of the executive team to MasTec's overall success rather than specific objectives solely within an NEO's area of responsibility.	We choose to pay this performance based annual incentive compensation in the form of both cash and restricted stock that vests over a three-year period. The amount of the annual incentive award is based on 2025 adjusted EBITDA performance and the growth over three years of Revenue and EPS, as well as ROIC. We may also consider other factors such as successful acquisition activity. We believe that paying a significant portion of annual incentive compensation in the form of three-year cliff vesting restricted stock incentivizes our management to build long-term shareholder value, aligns the interests of our management team with those of our shareholders and contributes to the retention of our leadership team members. Executive officers eligible to receive an award under the 2013 ICP are selected by the Compensation Committee no later than 90 days following the start of each fiscal year, at which time the Compensation Committee also determines the maximum amount of the award opportunity.
<b>Benefits</b>	The objective of our benefits program is to provide our NEOs with a competitive benefits package.	Includes medical, dental, disability, life insurance and accidental death.
<b>Retirement</b>	The objective of our retirement benefits is to assist our employees with the accumulation of adequate financial assets for retirement.	<p>Our executive officers may participate in the 401(k) and Deferred Compensation Plans.</p> <p>We make safe harbor matching contributions equal to 100% of the first 3% of compensation that each eligible participant elects to contribute to the 401(k) Plan in that year plus 50% of the next 2% of compensation that each eligible participant elects to contribute to the 401(k) Plan in that year, which are paid 50% in cash and 50% in MasTec common stock.</p> <p>No Company matching contributions were made in 2025 to the Deferred Compensation Plan. Participants, including NEOs, may obtain distributions from the Deferred Compensation Plan only upon termination of employment or for elected in-service distributions.</p> <p>We also believe that our stock ownership guidelines contribute to our executives' retirement planning and asset accumulation.</p>

### Additional Compensation Components:

Component	Description
<b>Split Dollar Life Insurance</b>	<p>We cover Jorge Mas and Jose R. Mas under split dollar insurance policies. The objective is to provide protection to the Company by allowing Messrs. Mas' and Mas' beneficiaries to use the proceeds under these policies to pay estate taxes instead of using the proceeds from large stock dispositions that could be disruptive to the market price of MasTec's common stock. In addition, the policies are an efficient method of providing compensation with a high perceived value to the recipients.</p> <p>For more information, see the "<i>Certain Relationships and Related Party Transactions</i>" section beginning on page <a href="#">58</a>.</p>
<b>Perquisites</b>	We provide a limited number of perquisites to our NEOs with the objective of attracting and retaining executive officers in a competitive marketplace. Perquisites are not designed to reward any particular executive behavior.

**2025 PERFORMANCE AND COMPENSATION DECISIONS**

In addition to our 2025 financial performance detailed above, our Compensation Committee reviewed and considered the Performance Measures on page 52 prior to their final decisions on 2025 compensation for our NEOs. For details of our peer group see page 36.

**2025 and 2026 Base Salary**

The Compensation Committee sets each NEO's base salary based on a number of factors including the NEO's core competency, position and qualifications as well as competitive market data derived for our peer group. Based on these factors, the Compensation Committee approved the following 2026 base salaries for NEOs effective April 1, 2026.

Executive	2025 Base Salary	2026 Base Salary
Jose R. Mas, CEO	\$1,250,000	\$1,250,000
Robert Apple, COO	\$800,000	\$825,000
Paul DiMarco, EVP and CFO	\$600,000	\$625,000
Alberto de Cardenas, EVP, General Counsel and Secretary	\$555,000	\$575,000

**2025 Incentive Compensation Awards**

The objectives of the Company's annual incentive program are:

- To provide incentive compensation linked to Company and individual NEO performance;
- To incentivize annual and long-term performance;
- To attract and retain executives of outstanding ability;
- To align the interests of the NEOs with those of the Company's shareholders; and
- To incentivize management to build long-term shareholder value by paying a majority of earned incentives in the form of restricted stock that vests after a period of years.

In establishing the annual incentive program for 2025, the Compensation Committee determined that annual incentive awards would not be payable unless the Company achieved a threshold of adjusted EBITDA of \$800 million for 2025, which represents approximately 80% of 2024 adjusted EBITDA. In addition, the combined incentive awards for all NEOs were capped at 5% of actual adjusted EBITDA for 2025. See below table for details of the change to our maximum cap on NEO compensation.

The Compensation Committee has determined adjusted EBITDA to be a consistent measure of operating performance.

Year	Threshold (Minimum Adjusted EBITDA for payout)	Maximum Payout (CAP)	Adjusted EBITDA <sup>1</sup>	Maximum Payout as % of Adjusted EBITDA
2023	\$680 million	\$42 million total for all NEOs	\$846.4 million	5%
2024	\$750 million	\$50 million total for all NEOs	\$1,005.6 million	5%
2025	\$800 million	\$57.5 million total for all NEOs	\$1,150.1 million	5%

The Compensation Committee determined the size of each NEO's annual incentive award, which in the aggregate, could not exceed the \$57.5 million maximum payout, based on an evaluation of certain financial and operational metrics and tally sheets.

The financial and operational metrics considered by the Compensation Committee in sizing each NEO's annual incentive award included the following:

- Operating performance;
- Fiscal 2025 revenue, income from operations, adjusted EBITDA, cash flow from operating activities, liquidity and net debt reduction;
- Fiscal 2025 management of our financial position as reflected by our cash flow from operating activities, overall debt level and improved book leverage; and
- Three-year revenue, EPS results and ROIC.

<sup>1</sup> For a reconciliation of net income to adjusted EBITDA, please see the Non-GAAP Reconciliations.

The Compensation Committee also reviewed tally sheets totaling 2024 compensation for each of the NEOs to assist in determining 2025 incentive compensation payouts. These tally sheets identify and value each element of each NEO's compensation, including base salary, cash and equity incentive awards and perquisites, and provide an aggregate sum for each NEO, as well as peer group public data (prepared by Meridian) for similar executive positions.

Based on the foregoing considerations, the Compensation Committee approved awards of restricted stock and cash under the 2013 ICP, as set forth in the table below.

Executive	Cash (\$)	Shares of Restricted Stock	Restricted Stock Value (\$)*	Total (\$)
<b>Jose R. Mas</b> , CEO	\$2,250,000	26,397	\$8,000,000	\$10,250,000
<b>Robert Apple</b> , COO	\$1,300,000	11,548	\$3,500,000	\$4,800,000
<b>Paul DiMarco</b> , EVP and CFO	\$1,050,000	9,074	\$2,750,000	\$3,800,000
<b>Alberto de Cardenas</b> , EVP, General Counsel and Secretary	\$675,000	6,269	\$1,900,000	\$2,575,000

\* The approximate values of the shares of restricted stock were calculated based on the closing price of MasTec's Common Stock as reported on the NYSE on March 18, 2026 (\$303.07) in accordance with the definition of "Fair Market Value" under the 2013 ICP.

The shares of restricted stock granted to each NEO will vest 100% on the third anniversary of the grant date (i.e., March 18, 2026). Subject to certain limited exceptions, a NEO's grant of restricted stock will be forfeited if the NEO terminates employment prior to such third anniversary. See the Summary Compensation Table for details.

## TERMINATION OF EMPLOYMENT AND CHANGE IN CONTROL AGREEMENTS

We maintain employment agreements with each of our NEOs. The objective of these arrangements is to secure qualified executive officers for leadership positions in our organization as well as to protect our business and intellectual property by restrictive covenants, including non-competition covenants, contained in the agreements. See "*Employment and Other Agreements*" below.

Our employment agreements provide for the payment of certain compensation and benefits in the event of a change in control of MasTec, as well as in the event of the termination of an executive's employment. The amount payable varies depending upon the reason for the payment. Providing payments upon a change in control helps preserve MasTec's value by reducing any incentive for key executive officers to seek employment elsewhere if a change in control of MasTec is proposed or becomes likely. Moreover, on an ongoing basis, these arrangements help maintain the continuity of our management team, which we view as a driver of shareholder value. See the "*Potential Payments upon Change in Control and Termination of Employment as of December 31, 2025*" section below for a description of these provisions and a calculation of the amounts that would be payable thereunder if a change in control of MasTec had occurred on December 31, 2025. The Compensation Committee has publicly committed to not including change in control related excise tax gross ups in future executive employment agreements. The Compensation Committee has also committed to not including single trigger provisions in future executive employment agreements.

## DEFERRED COMPENSATION PLAN

We maintain the MasTec Non-Qualified Deferred Compensation Plan under which eligible employees, including our NEOs, have the opportunity to elect to defer (on a pre-tax basis) up to 50% of their base salary and overtime and 100% of their bonus in any given year (which is fully vested at time of deferral). We may make discretionary matching contributions on behalf of plan participants, the amounts of which are determined annually; however, no matching contributions have been made in the three years ending December 31, 2025. Company matching contributions, if any, vest at a rate of one-third per year of service. In addition, we may make additional discretionary contributions on behalf of plan participants; however, no such contributions have been made in the three years ending December 31, 2025. Participants may obtain distributions from the plan only upon termination of employment or for elected in-service distributions, at which time the distribution will be fully taxable to the employee.

## CLAWBACK POLICY

In October 2023 MasTec revised its clawback policy to comply with the revised rules of the NYSE (the "Policy"). The Policy applies to any incentive compensation received by an executive officer of the Company. In the event that the Company is required to prepare an accounting restatement due to the material noncompliance of the Company with any financial reporting requirement under applicable securities laws, the Company will recover any excess incentive compensation received by current or former executive officers who served as such during the three completed fiscal years preceding the date of the restatement, subject to limited permitted exceptions. Recovery under the Policy applies regardless of any misconduct, fault, or illegal activity of the Company, the executive officer, the Board or any committee thereof.

[COMPENSATION DISCUSSION AND ANALYSIS](#)

The Policy is administered by the Compensation Committee of the Board of Directors of the Company and the Compensation Committee is authorized to make all determinations necessary, appropriate or advisable for the administration of the Policy, to engage, at the Company's expense, such counsel, advisors and agents and to direct the Company's officers and other employees to take any actions necessary and appropriate to effectuate the Policy.

[RISK CONSIDERATIONS IN OUR COMPENSATION PROGRAMS](#)

MasTec has reviewed its compensation structures and policies as they pertain to risk and has determined that its compensation programs do not create or encourage the taking of risks that are reasonably likely to have a material adverse effect on MasTec. Use of adjusted EBITDA targets for senior executive bonuses ensures that compensation is based upon the overall performance of MasTec. Moreover, our equity grants typically provide for a three-year cliff vesting period, which we believe encourages our executive officers to manage the long-term success of MasTec as a key objective. Compensation for other personnel is closely monitored by our senior executive officers considering this long-term perspective.

[STOCK OWNERSHIP AND RETENTION GUIDELINES](#)

All current executive officers are required to own shares of MasTec common stock with a value of not less than a specified multiple of their base salary. The policy also requires current executive officers to retain 50% of net after-tax shares acquired during the year upon vesting (or exercise of stock options) unless his or her ownership level was satisfied as of the beginning of the year. The chart below shows the multiple of base salary ownership requirements and actual ownership levels (not including unvested restricted shares or pledged shares) and the market price of MasTec common stock as of December 31, 2025, for the indicated NEOs. Pledged shares are excluded from the below calculation.

Executive	Ownership Requirement	Ownership as of December 31, 2025
Jose R. Mas, CEO	10x base salary	979x
Robert Apple, COO	2x base salary	27x
Paul DiMarco, EVP and CFO	2x base salary	8x
Alberto de Cardenas, EVP, General Counsel and Secretary	2x base salary	23x

[ANTI-HEDGING AND ANTI-PLEDGING POLICIES](#)

MasTec has a policy prohibiting its directors, officers and employees from engaging in short sales, including a "sale against the box" (a sale with a delayed delivery), the buying or selling of puts or calls or derivatives involving MasTec securities, and holding MasTec securities in margin accounts or pledging MasTec securities as collateral for a loan, unless such person demonstrates the financial capacity to repay the loan (not including margin debt) without resort to the pledged securities. Our Board has made exceptions to this policy for our Chairman, Jorge Mas, our CEO, Jose R. Mas, our EVP and CFO, Paul DiMarco, and our EVP, General Counsel and Secretary, Alberto de Cardenas, in connection with certain financing arrangements. For additional details, refer to Footnotes 3, 4, 8 and 9 of the "Security Ownership" section beginning on page [55](#).

[ACCOUNTING FOR STOCK-BASED COMPENSATION](#)

Before granting stock-based compensation awards, the Compensation Committee considers the accounting impact of the award as structured and under various other scenarios to analyze the expected impact of the award.

[EQUITY AWARD GRANT PRACTICES](#)

We grant equity awards upon the recommendation and approval of our Compensation Committee. Our annual equity awards are generally granted on fixed dates determined in advance. The Compensation Committee's general practice is to complete its annual executive compensation review and determine target compensation for our executives, which coincides with the Company's regularly scheduled Board meetings, then such equity awards are granted. Annual equity awards are typically granted to our NEOs in March of each fiscal year. For the fiscal year ended December 31, 2025, annual equity awards were granted to our executive officers in March 2026. On limited occasions, the Compensation Committee may grant equity awards outside of our annual grant cycle for new hires, promotions, recognition, retention, or other purposes. Our Compensation Committee approves all equity award grants on or before the grant date and does not take material nonpublic information into account when determining the timing and terms of equity awards, and we do not time the disclosure of material nonpublic information for the purpose of affecting the value of executive compensation.

We do not currently grant stock options, stock appreciation rights or similar option-like instruments to our named executive officers or other employees or service providers and did not grant any such type of equity award during the fiscal year ended December 31, 2025. Eligible employees, including, with respect to the MasTec, Inc. Amended and Restated 2011 Employee Stock Purchase Plan, our named executive officers, may voluntarily enroll in the Company's employee stock purchase plans and receive an option to purchase shares at a discount using payroll deductions accumulated during the twelve (12) calendar day period that begins every Monday that immediately precedes the first day of the offering period to which the payroll deduction period applies, and ends on the Friday that immediately precedes the last day of such offering period.

## INSIDER TRADING POLICY

We have an insider trading policy governing the purchase, sale and other dispositions of MasTec's securities that applies to all personnel of MasTec and our subsidiaries, including directors, officers, employees and certain other persons associated with the foregoing categories of persons. The policy also applies to the securities of other companies with which we have a business relationship, such as customers, suppliers or vendors of MasTec and those with which we may be negotiating transactions, such as an acquisition, investment or sale. We believe that our insider trading policy is reasonably designed to promote compliance with insider trading laws, rules and regulations, as well as applicable listing standards. A copy of MasTec's insider trading policy is included in Exhibit 19.1 to our Annual Report on Form 10-K for the fiscal year ended December 31, 2025.

## Compensation Committee Report

## POTENTIAL PAYMENTS UPON CHANGE IN CONTROL AND TERMINATION OF EMPLOYMENT AS OF DECEMBER 31, 2025

Each of the NEOs has an employment agreement with us that provides for us to make continued payments and provide certain benefits to the executive upon change in control and termination of employment with the Company.

Each of the employment agreements for the NEOs, other than Mr. DiMarco, also provides for each of such NEOs to receive certain payments in the event of a change in control, as follows:

- Jose R. Mas.** Mr. Mas would become entitled to receive a lump sum payment equal to one and a half times his base salary and average performance bonuses during the last three calendar years for which he was an employee, a gross-up payment if an excise tax is triggered, the immediate vesting of any previously unvested options and restricted stock and the continuation of benefits for the balance of the term of the agreement.
- Robert Apple.** Mr. Apple would become entitled to receive 12 monthly payments at an annual rate equal to one and a half times his base salary and average performance bonuses during the last three calendar years for which he was an employee, a gross-up payment if an excise tax is triggered, the immediate vesting of any previously unvested options and restricted stock and the continuation of benefits for the balance of the term of the agreement.
- Alberto de Cardenas.** Mr. de Cardenas would become entitled to a lump sum payment equal to one and a half times his base salary and average performance bonuses during the last three calendar years for which he was an employee, the immediate vesting of any previously unvested options and restricted stock and the continuation of benefits for the balance of the term of the agreement. Under certain circumstances, the change in control payment would be reduced to avoid triggering an excise tax on such benefits.

For these purposes, "Change in Control" generally means:

- Acquisition by Person of Substantial Percentage.** The acquisition by a person or entity (each, a "Person") (including "affiliates" and "associates" of such Person, but excluding MasTec, any "parent" or "subsidiary" of MasTec or any employee benefit plan of MasTec) of a sufficient number of shares of the common stock, or securities convertible into the common stock, and whether through direct acquisition of shares or by merger, consolidation, share exchange, reclassification of securities or recapitalization of or involving MasTec or any "parent" or "subsidiary" of MasTec, to constitute the Person the actual or beneficial owner of 51% or more of the common stock of MasTec;
- Disposition of Assets.** Any sale, lease, transfer, exchange, mortgage, pledge or other disposition, in one transaction or a series of transactions, of all or substantially all the assets of MasTec or of any "subsidiary" of MasTec to a Person described above, but, with regard to Robert Apple's, Paul DiMarco's and Alberto de Cardenas' employment agreements, only if such transaction occurs without approval or ratification by a majority of the members of the Board of Directors of MasTec; or
- Substantial Change of Board Members.** During any fiscal year of MasTec, individuals who at the beginning of such year constitute the Board cease for any reason to constitute at least a majority thereof, unless the election of each director who was not a director at the beginning of such period has been approved in advance by most of the directors in office at the beginning of the fiscal year.

For purposes of the definition of "Change in Control," the terms "affiliate," "associate," "parent" and "subsidiary" shall have the respective meanings ascribed to such terms in Rule 12b-2 under the Exchange Act.

Each NEO's employment agreement also provides that such NEO would be entitled to receive certain payments if such NEO's employment was terminated as follows:

- **Jose R. Mas.** Following termination of Mr. Mas's employment by us without cause (as defined in the agreement) or by Mr. Mas for good reason (as defined in the agreement), Mr. Mas would receive an amount equal to his base salary, and the average of the performance bonuses (as defined in the agreement) he received during the last three calendar years and certain employee benefits set forth in the agreement, which shall be payable over a period of 12 months from the date of termination, and, if he has not breached certain of his obligations set forth in his employment agreement, then any unvested equity awards would continue to vest, and all equity awards would remain exercisable for the full term of the grant. In the event Mr. Mas's employment is terminated by MasTec because of death or disability, then Mr. Mas or his estate would receive his base salary and the pro-rata portion of his annual performance bonus earned through the date of death or disability to which he would have been entitled for the year in which the death or disability occurred, and any unvested options and restricted stock would immediately vest. In the event Mr. Mas's employment is terminated by us for cause (as defined in the agreement), Mr. Mas would receive his base salary through the date of termination and would forfeit any entitlement he may have to receive any performance bonus for the year in which employment terminates.
- **Robert Apple.** Following termination of Mr. Apple's employment by us without cause (as defined in the agreement) or by Mr. Apple for good reason (as defined in the agreement), Mr. Apple would receive an amount equal to his base salary and the average of the performance bonuses (as defined in the agreement) he received during the last three calendar years and certain employee benefits set forth in the agreement, which shall be payable over a period of 12 months from the date of termination and, if he has not breached certain of his obligations set forth in his employment agreement, then any unvested equity awards would continue to vest, and all equity awards would remain exercisable for the full term of the grant. If Mr. Apple's employment is terminated by MasTec because of death or disability, then Mr. Apple or his estate would receive his base salary and any annual performance bonus earned through the date of death or disability to which he would have been entitled for the year in which the death or disability occurred, and any unvested options and restricted stock would immediately vest. In the event Mr. Apple's employment is terminated by us for cause (as defined in the agreement), Mr. Apple would receive his base salary through the date of termination and would forfeit any entitlement he may have to receive any performance bonus for the year in which employment terminates.
- **Paul DiMarco.** Following termination of Mr. DiMarco's employment by us without cause (as defined in the agreement) or by Mr. DiMarco for good reason (as defined in the agreement), Mr. DiMarco would receive an amount equal to his base salary and the average of the performance bonuses he received during the last three calendar years and certain employee benefits set forth in the agreement which shall be payable over a period of 12 months from the date of termination and, if he has not breached certain of his obligations set forth in his employment agreement, then any unvested equity awards would continue to vest, and all equity awards would remain exercisable for the full term of the grant. If within 12 months following a change in control (as defined in the agreement), Mr. DiMarco's employment is terminated by us without cause (as defined in the agreement) or by Mr. DiMarco for good reason (as defined in the agreement), in lieu of the benefits and payments described in the preceding sentence, Mr. DiMarco would become entitled to receive a lump sum payment equal to one and a half times his base salary and his average performance bonuses during the last three calendar years for which he was an employee, the immediate vesting of any previously unvested options and restricted stock and the continuation of benefits for the balance of the term of the agreement; provided, that, under certain circumstances, any change in control payment would be reduced to avoid triggering an excise tax on such payment. If Mr. DiMarco's employment is terminated by MasTec because of death or disability, then Mr. DiMarco or his estate would receive his base salary and any annual performance bonus he may be deemed eligible for in the Compensation Committee's sole discretion through the date of death or disability and any unvested options and restricted stock would immediately vest. In the event Mr. DiMarco's employment is terminated by us for cause (as defined in the agreement), Mr. DiMarco would receive his base salary through the date of termination and he will not have been deemed to have earned, and will forfeit, any eligibility and entitlement that he may have to receive any performance bonus.
- **Alberto de Cardenas.** Following termination of Mr. de Cardenas by us without cause (as defined in the agreement) or by Mr. de Cardenas for good reason (as defined in the agreement), Mr. de Cardenas would receive an amount equal to his base salary and the average of the performance bonuses he received during the last three calendar years and certain employee benefits set forth in the agreement, which shall be payable over a period of 12 months from the date of termination and, if he has not breached certain of his obligations set forth in his employment agreement, then any unvested equity awards would continue to vest, and all equity awards would remain exercisable for the full term of the grant. If Mr. de Cardenas' employment is terminated by MasTec because of death or disability, then Mr. de Cardenas or his estate would receive his base salary and any annual performance bonus earned through the date of death or disability and any unvested options and restricted stock would immediately vest. In the event Mr. de Cardenas' employment is terminated by us for cause (as defined in the agreement), Mr. de Cardenas would receive his base salary through the date of termination and would forfeit any entitlement he may have to receive any performance bonus.

The following tables illustrate the payments and benefits that each NEO would have received under his employment agreement, as amended to the date of this Proxy Statement, if MasTec experienced a change in control on December 31, 2025, or such NEO's employment with MasTec had terminated on December 31, 2025, for any of the reasons described in the tables. The amounts presented in the tables are estimates and do not necessarily reflect the actual value of the payments and of the benefits that would be received by the NEOs, which would only be known at the time that employment terminates, or the change of control occurs, as applicable.

(2) Mr. Mas is entitled to receive a tax gross-up payment to reimburse him for any excise tax to which he would be subject under Section 4999 of the Code with respect to any "excess parachute payment" that he receives from MasTec. Mr. Mas generally would not be considered to receive an "excess parachute payment" unless the payments made to him that are contingent on a change in control exceed three times the average of his W-2 compensation for the five years immediately prior to the year in which the change in control occurs. Thus, facts and circumstances at the time of any change in control, as well as changes in Mr. Mas's W-2 compensation history, could materially impact whether and to what extent any payment to Mr. Mas would result in an "excess parachute payment" and thus result in an excise tax.

**EMPLOYMENT AND OTHER AGREEMENTS****Employment Agreements**

On April 18, 2007, MasTec entered an employment agreement with Jose R. Mas, MasTec's President and CEO, effective as of April 18, 2007, and amended on March 31, 2014. The term of the agreement continues until the agreement is terminated in accordance with the terms and provisions thereof. The agreement provides that Mr. Mas is to receive an annual salary, subject to Compensation Committee adjustment. The agreement also provides that Mr. Mas shall be eligible for annual performance bonuses of up to his base salary based on the achievement of goals established by the Compensation Committee of the Board. If Mr. Mas's employment is terminated other than for cause and he has not breached certain of his obligations set forth in the agreement, then any unvested equity awards would continue to vest, and all equity awards would remain exercisable for the full term of the grant. Upon Mr. Mas's death or disability, any unvested equity awards would vest immediately. The agreement further provides for change of control and termination payments as described above in the "Potential Payments upon Change in Control and Termination of Employment as of December 31, 2025" section beginning on page 45. The agreement also contains confidentiality, non-competition and non-solicitation provisions, compliance with which is a condition to receipt of certain amounts or benefits payable under the agreements.

Effective January 1, 2010, MasTec entered an employment agreement with Robert Apple relating to his employment as COO, which agreement was amended on March 31, 2014. The agreement remains in effect until terminated and provides that Mr. Apple will be paid an annual salary, subject to Compensation Committee adjustment, currently set at \$825,000. The agreement also provides for annual performance bonuses of up to his base salary based on the achievement of goals established by our Compensation Committee, in its sole discretion. If Mr. Apple's employment is terminated other than for cause and he has not breached certain of his obligations set forth in the agreement, then any unvested equity awards would continue to vest, and all equity awards would remain exercisable for the full term of the grant. Upon Mr. Apple's death or disability, any unvested equity awards would vest immediately. The agreement further provides for change of control and termination payments as described above in the "Potential Payments upon Change in Control and Termination of Employment as of December 31, 2025" section beginning on page 45. The agreement also contains confidentiality, non-competition and non-solicitation provisions, compliance with which is a condition to receipt of certain amounts or benefits payable under the agreements.

If Mr. DiMarco's employment is

terminated other than for cause and he has not breached certain of his obligations set forth in the agreement, then any unvested equity awards would continue to vest, and all equity awards would remain exercisable for the full term of the grant. Upon Mr. DiMarco's death or disability, any unvested equity awards would vest immediately. The agreement further provides for termination payments as described above in the "*Potential Payments upon Change in Control and Termination of Employment as of December 31, 2025*" section beginning on page 45. The agreement also contains confidentiality, non-competition and non-solicitation provisions, compliance with which is a condition to receipt of certain amounts or benefits payable under the agreements.

Effective March 31, 2014, MasTec entered an employment agreement with Alberto de Cardenas relating to his employment as EVP, General Counsel and Secretary, which agreement replaced his 2008 employment agreement. The agreement remains in force until terminated and provides that Mr. de Cardenas will be paid an annual salary, subject to Compensation Committee adjustment, currently set at \$575,000. The agreement also provides for an annual performance bonus of up to his base salary based on the achievement of goals established by the Compensation Committee, in its sole discretion. If Mr. de Cardenas' employment is terminated other than for cause and he has not breached certain of his obligations set forth in the agreement, then any unvested equity awards would continue to vest, and all equity awards would remain exercisable for the full term of the grant. Upon Mr. de Cardenas' death or disability, any unvested equity awards would vest immediately. The agreement further provides for change of control and termination payments as described above in the "*Potential Payments upon Change in Control and Termination of Employment as of December 31, 2025*" section beginning on page 45. Under certain circumstances, the change in control payment would be reduced to avoid triggering an excise tax on such benefits. The agreement also contains confidentiality, non-competition and non-solicitation provisions, compliance with which is a condition to receipt of certain amounts or benefits payable under the agreements.

## CEO PAY RATIO FOR 2025

In compliance with Item 402(u) of Regulation S-K adopted by the SEC pursuant to Section 953(b) of the Dodd-Frank Act, we are reporting the pay ratio disclosure for our fiscal year beginning on January 1, 2025. We identified our median employee as of December 31, 2025, in compliance with the above rules. We updated our median employee using 2025 data because we had significant growth in 2025.

As of December 31, 2025, we had 35,854 employees, consisting of 34,640 U.S. based employees, 715 employees in India and 499 employees in Canada. In calculating our median employee's wages, we only included U.S. based employees and did not include our employees in India or Canada as they make up less than 5% of our total global workforce. We also have not included 100 employees from our December 2025 acquisition of a construction company specializing in construction management and design-build services and 26 employees from our August 2025 acquisition of a pipeline infrastructure company, in calculating our median employee's wages. We have calculated our median employee's wages as follows:

- We compiled W-2 earnings for all our active employees as of December 31, 2025, except our CEO.
- We annualized W-2 earnings for new hires during 2025.
- We ranked all employees' wages and determined the median employee.
- We calculated annual total compensation for our median employee in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K.
- The 2025 W-2 annualized wage for our median employee is \$80,186.

Jose R. Mas, our CEO, had 2025 W-2 compensation of \$11,142,632. Mr. Mas' compensation included base salary of \$1,250,000, cash bonus of \$2,000,000, restricted stock of \$7,848,246 and other fringes and benefits of \$44,386. With respect to Jose R. Mas's (our CEO's) annual Total Compensation, we used \$11,544,386 which is the amount reported in the Total Column of our Summary Compensation Table for 2025. The pay ratio for 2025 is approximately 144:1.

## PROPOSAL NO. 3: Vote on a Non-Binding Advisory Resolution to Approve the Compensation of the Company's Named Executive Officers

As required by Section 14A of the Exchange Act, we are seeking advisory shareholder approval of the compensation of our NEOs as disclosed in the section of this Proxy Statement titled "Compensation Discussion and Analysis" including the tables that follow. We are asking shareholders to vote on the following advisory resolution:

"RESOLVED, that the holders of the Company's common stock advise that they approve the compensation of the Company's NEOs as disclosed pursuant to the compensation disclosure rules of the SEC (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and the related footnotes, and the narrative information accompanying the tables)."

Although your vote is advisory and therefore non-binding, the Board will consider the outcome of the vote when considering future executive compensation decisions for NEOs. We urge shareholders to read the Compensation Discussion and Analysis ("CD&A") section of this Proxy Statement, which details our compensation actions for the year ended December 31, 2025. As described in the CD&A, we believe that the compensation paid to our NEOs for 2025 appropriately considers our demonstrated ability to increase revenue, operating results and profitability over the short- and long-term because of the continued leadership of these NEOs. We believe that our compensation programs and policies and the compensation decisions for 2025 as described in the CD&A appropriately reward our NEOs for their and the Company's performance and we believe that these programs and policies will assist us in retaining our senior leadership team.

✓ *The Board recommends that shareholders vote FOR approval of the compensation of the Company's NEOs as disclosed pursuant to the compensation disclosure rules of the SEC (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and the related footnotes, and the narrative information accompanying the tables).*

## DELINQUENT SECTION 16(A) REPORTS

---

Section 16(a) of the Exchange Act and regulations of the SEC thereunder require that MasTec's directors, executive officers and persons who own more than 10% of MasTec's common stock file initial reports of their ownership of MasTec's common stock and subsequent reports of changes in such ownership with the SEC. Directors, executive officers and persons owning more than 10% of MasTec's common stock are required by SEC regulations to file with the SEC and the NYSE reports of their respective ownership of common stock and to furnish MasTec with copies of all Section 16(a) reports they file. Based solely on a review of the copies of such reports received and written representations from our directors and officers, MasTec believes that during the year ended December 31, 2025, directors, officers and owners of more than 10% of the common stock timely complied with all applicable filing requirements under Section 16(a) of the Exchange Act, except that T. Michael Love filed one late Form 4 with respect to one transaction and Robert Campbell filed one late Form 4 with respect to one transaction.

## Certain Relationships and Related Party Transactions

### REVIEW AND APPROVAL OF RELATED PERSON TRANSACTIONS

The Audit Committee Charter requires that the Audit Committee review and approve all transactions identified in Item 404(a) of Regulation S-K, in which we are a participant and in which a related person has or will have a direct or indirect material interest. In March 2007, the Audit Committee formally adopted written standards to apply when it reviews, approves or ratifies any such related party transaction. These standards provide that: (i) all related party transactions must be fair and reasonable to us at the time they are authorized by the Audit Committee; and (ii) all related party transactions must be authorized, approved or ratified by the affirmative vote of most of the members of the Audit Committee who have no interest, either directly or indirectly, in any such related party transaction.

### RELATED PARTY TRANSACTIONS

The Company rents and leases equipment and purchases certain supplies and servicing from Cross Country Infrastructure Services, Inc. ("CCI"), an entity in which Juan Carlos Mas, who is an immediate family member of the Company's CEO and its Chairman of the Board, serves as the chairman. Additionally, a member of management of a MasTec subsidiary and an entity that is owned by the Mas family are minority owners of CCI. For the years ended December 31, 2025, 2024 and 2023, MasTec paid CCI \$6.4 million, \$11.7 million and \$7.3 million, respectively, for such services, and related amounts payable totaled approximately \$0.8 million and \$0.7 million as of December 31, 2025 and 2024, respectively. The Company also rents equipment to CCI and revenue from such rentals totaled approximately \$0.3 million and \$0.5 million for the years ended December 31, 2025 and 2024, respectively, and for the year ended December 31, 2023, there was no revenue from such arrangements.

MasTec has a subcontracting arrangement with an entity for the performance of construction services, the minority owners of which include an entity controlled by Jorge Mas and Jose R. Mas, along with two members of management of a MasTec subsidiary. For the years ended December 31, 2025, 2024 and 2023, MasTec incurred subcontracting expenses in connection with this arrangement of approximately \$3.5 million, \$5.8 million and \$8.7 million, respectively. Related amounts payable were immaterial as of both December 31, 2025 and 2024.

MasTec has an aircraft leasing arrangement with an entity that is owned by Jorge Mas. For the years ended December 31, 2025, 2024 and 2023, MasTec paid approximately \$5.6 million, \$6.3 million and \$2.7 million, respectively, related to this leasing arrangement.

MasTec performs construction services on behalf of a professional Miami soccer franchise (the "Franchise") in which Jorge Mas and Jose R. Mas are majority owners. Construction services include, and have included, the construction of a soccer facility and stadium as well as utility and wireless infrastructure services. Construction services related to site preparation for a new soccer complex began in 2023. For the years ended December 31, 2025, 2024 and 2023, revenue under these arrangements totaled approximately \$77.6 million, \$24.9 million and \$10.7 million, respectively, and related amounts receivable totaled approximately \$37.5 million and \$12.8 million as of December 31, 2025 and 2024, respectively. Payments for other expenses related to the Franchise totaled \$1.0 million, \$0.9 million and \$1.2 million for the years ended December 31, 2025, 2024 and 2023, respectively.

MasTec has a subcontracting arrangement to perform construction services for an entity in which Jose R. Mas had a minority interest, and a member of management of a MasTec subsidiary owned the remaining interest. On January 1, 2024, MasTec acquired Jose R. Mas' interest in this entity for approximately \$0.7 million.

The Company previously acquired a construction management firm specializing in steel building systems, of which Juan Carlos Mas was a minority owner at the time of acquisition. In 2023, the Company paid \$16.1 million of contingent consideration in connection with the finalization of the earn-out arrangement, of which approximately 25% was paid to Juan Carlos Mas pursuant to the terms of the purchase agreement.

### Split Dollar Agreements

MasTec has an amended and restated split dollar life insurance agreement with (i) Jorge Mas, and Jose R. Mas and Juan Carlos Mas, as trustees of the Jorge Mas Irrevocable Trust (the "Jorge Mas trust"); and (ii) Jose R. Mas, and Jorge Mas, Juan Carlos Mas and Patricia Mas, as trustees of the José Ramon Mas Irrevocable Trust (the "Jose R. Mas trust"). The Company is the sole owner of each of the policies and is designated as the named fiduciary under each split dollar agreement, and the policies subject to the split dollar agreement may not be surrendered without the express written consent of the applicable trust. The total maximum face amount of the insurance policies subject to the split dollar agreements is capped at \$200 million in the case of Jorge Mas and \$75 million in the case of Jose R. Mas. Upon the death of the applicable executive or the survivor of the applicable executive and his wife, the Company is entitled to receive a portion of the death benefit under the policy equal to the greater of (i) premiums paid by the Company on the policy and (ii) the then cash value of the policy, excluding surrender charges or other similar charges or reductions, immediately before the triggering death. In addition, each executive is entitled to purchase the applicable policy under certain events, including a change in control of the Company. The Company paid approximately \$0.4 million and \$1.4 million, net, in connection with these agreements for the years ended December 31, 2024 and 2023, respectively. In 2025, no payments were made in connection with these agreements. Life insurance assets associated with these agreements, which amounts are included within other long-term assets, totaled approximately \$27.5 million as of both December 31, 2025 and 2024.

## Questions and Answers About Our Annual Meeting

### Why did I receive this Proxy Statement?

The Board of Directors, referred to as the Board, of MasTec, Inc., referred to as MasTec or the Company, is furnishing this Proxy Statement to solicit proxies on its behalf to be voted during the 2026 Annual Meeting of Shareholders of MasTec, referred to as the Annual Meeting, to be held solely by remote communication, in a “virtual only” format, on May 21, 2026, at 9:30 a.m. EDT. This Proxy Statement summarizes the information you need to vote by proxy or during the Annual Meeting. You do not need to participate in the Annual Meeting to vote.

### When was this Proxy Statement first sent, or given to security holders?

We began mailing the Notice of Internet Availability of Proxy Materials on or about April 9, 2026 to shareholders of record at the close of business on March 13, 2026.

### Who is entitled to vote?

Only holders of record of shares of our common stock at the close of business on March 13, 2026, referred to as the Record Date, are entitled to notice of and to vote at the Annual Meeting or any adjournment or postponement of the meeting. On the Record Date, 78,827,802 shares of common stock were issued and outstanding.

### What is the quorum for the meeting?

A quorum requires the presence, in person or by proxy, of a majority of the shares of common stock issued and outstanding and entitled to vote at the Annual Meeting. No business may be conducted at the Annual Meeting if a quorum is not present. If less than a majority of the issued and outstanding shares entitled to vote are represented at the Annual Meeting, then the holders of the shares so represented may adjourn the Annual Meeting to another date, time or place. Notice need not be given of the new date, time or place if announced at the Annual Meeting before an adjournment is taken, unless a new record date is fixed for the Annual Meeting (in which case a notice of the adjourned meeting will be given to shareholders of record on such new record date, each of whom would be entitled to vote at the adjourned meeting).

### How many votes do I have?

Each share of common stock entitles its owner to one vote on each matter brought before the Annual Meeting.

### How do shareholders of record vote?

If your shares of our common stock are registered directly in your name, then you are a shareholder of record, and you will receive your Notice of Internet Availability of Proxy Materials directly from us.

For shareholders of record, voting instructions submitted via mail, telephone or the Internet must be received by Broadridge Financial Solutions, Inc. (“Broadridge”), our independent tabulator, by 11:59 p.m., Eastern Time, on May 20, 2026. Submitting your vote via mail, telephone or the Internet will not affect your right to vote during the Annual Meeting should you decide to participate in the Annual Meeting. See “*Can I change my vote after I have voted?*” below.

The Internet and telephone voting procedures available to you are designed to authenticate shareholders’ identities, to allow shareholders to give their voting instructions and to confirm that shareholders’ instructions have been recorded properly. Shareholders voting via the Internet or telephone should understand that third parties may charge fees for voting in this manner such as usage charges from Internet access providers and telephone companies, which are borne by the shareholder.

A shareholder of record may vote during the Annual Meeting by following the instructions at MasTec’s Annual Meeting website.

### How do I vote my shares if they are held by my broker?

If you hold your shares of common stock through a broker, bank or other intermediary, then you are considered the beneficial owner of shares held in “street name,” and your intermediary will send you printed copies of the proxy materials or provide instructions on how to access proxy materials electronically. You are entitled to direct the intermediary how to vote your shares by following the voting instructions that the intermediary provides to you.

## How do I vote my shares that are held in my 401(k) Retirement Plan?

All persons who have shares of our common stock allocated to their accounts as participants or beneficiaries under the MasTec, Inc. 401(k) Retirement Plan, which we refer to as the 401(k) Plan, may instruct Bank of America Merrill Lynch, which acts as the trustee for the 401(k) Plan and which we refer to as the Trustee, to vote the shares of common stock held for their account as participants or beneficiaries of the 401(k) Plan. You can instruct the voting of stock you hold in the 401(k) Plan by requesting a voting instruction card to sign, date and return, or by submitting your vote by telephone or through the Internet.

Please see the Notice of Internet Availability of Proxy Materials we sent to you or this Proxy Statement for specific instructions on how to provide voting instructions by any of these methods. Please note that your voting instructions for stock you hold in the 401(k) Plan must be returned by 11:59 p.m., Eastern Time, on May 18, 2026. In the event no voting instruction card is received from a participant or beneficiary, or a voting instruction card is received without instructions, or in the event shares are not yet allocated to any participant's account, those shares will not be voted for any of the proposals. The Trustee does not know of any other business to be brought before the Annual Meeting, but it is intended that, if any other matters properly come before the Annual Meeting, the Trustee, as proxy, will vote upon such matters per its judgment.

Any 401(k) Plan participant or beneficiary who executes and delivers a proxy card may revoke it at any time prior to its use by executing and delivering a duly executed voting instruction card bearing a later date or by giving written notice to the Trustee. The Trustee will vote the shares held for the accounts of the participants or their beneficiaries in the 401(k) Plan in accordance with the instructions noted thereon, and only the Trustee of the 401(k) Plan can vote the shares allocated to the accounts of participants, even if such participants or their beneficiaries participate in the Annual Meeting.

## What am I voting on?

At the Annual Meeting, our shareholders will be asked to vote on the following proposals:

1. The election of Ernst N. Csiszar, Julia L. Johnson and Jorge Mas as Class I directors to serve until the 2029 Annual Meeting of Shareholders.
2. Ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the 2026 fiscal year.
3. Approval of a non-binding advisory resolution regarding the compensation of our NEOs,
4. Such other business as may properly be brought before the Annual Meeting, and at any adjournments or postponements of the Annual Meeting.

## What vote is required for the proposals?

### *Election of directors*

If a quorum is present, directors will be elected pursuant to the affirmative vote of a plurality of the shares of common stock voting during the Annual Meeting or represented by proxy at the Annual Meeting, which means that the three nominees who receive the most affirmative votes will be elected to the Board. Shareholders entitled to vote may vote in favor of all the nominees, withhold their votes as to all the nominees or vote for all nominees except one or more nominees specified by the voting shareholder.

Our Board's Governance Principles include a director majority vote policy. The majority vote policy is applicable solely to uncontested elections, which are those elections in which the number of nominees for election is less than or equal to the number of directors to be elected. Under the majority vote policy any nominee for director who receives more "withheld" votes than "for" votes in an uncontested election must submit a written offer to resign as director. Any such resignation will be reviewed by the Nominating, Sustainability and Corporate Governance Committee, and, within 90 days after the election, the independent members of the Board will determine whether to accept, reject or take other appropriate action with respect to the resignation in furtherance of the best interests of MasTec and its shareholders.

### *Ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm*

If a quorum is present, ratification of the appointment of our independent registered public accounting firm requires that the number of votes cast during the Annual Meeting in favor of ratification exceeds the number of votes cast opposing ratification.

### *Approval of a non-binding advisory resolution regarding the compensation of our NEOs*

If a quorum is present, approval requires that the number of votes cast during the Annual Meeting in favor of resolution exceeds the number of votes cast opposing the resolution.

## How are abstentions and broker “non-votes” treated?

### *Abstentions*

Pursuant to Florida law, abstentions are counted as present for purposes of determining the presence of a quorum; however, abstentions will not be counted as votes cast “for” or “against” any proposal and will have no effect on the voting results for any proposal.

### *Broker “non-votes”*

Under the rules of the New York Stock Exchange, which we refer to as the NYSE, if a broker, bank or other institution that holds shares in street name for a customer does not receive voting instructions from that customer with respect to such shares, the broker may vote those shares on only “routine” matters. A broker may not vote such shares on “non-routine” matters unless it receives voting instructions from the customer for whom it holds shares. A broker “non-vote” occurs when a broker does not receive such voting instructions from its customer on “non-routine” matters. Broker non-votes are counted for purposes of determining the presence of a quorum; however, broker non-votes will not be counted as votes cast “for” or “against” any proposal and will have no effect on the voting results for any proposal.

Other than Proposal No. 2 (the ratification of the appointment of PricewaterhouseCoopers LLP as our independent certified public accounting firm), all the proposals in this Proxy Statement are considered “non-routine” matters. For this reason, we urge you to give voting instructions to your broker. If any “routine” matters (in addition to Proposal No. 2) are properly brought before the Annual Meeting, then brokers holding shares in street name will be permitted to vote those shares in their discretion for any such routine matters.

## Will there be any other items of business on the agenda?

The Board does not know of any other matters that will be brought before the Annual Meeting nor does it foresee or have reason to believe that proxy holders will have to vote for substitute or alternate nominees for election to the Board. If any other matter should come before the Annual Meeting, or any nominee is not available for election, the persons named in the proxy that a shareholder submitted via the Internet, phone or mail will have discretionary authority to vote all shares represented by such proxy unless otherwise specified to the contrary with respect to such matters in accordance with the recommendation of the Board.

## What happens if I submit or return my proxy card without voting?

When you properly submit your proxy via the Internet, phone or mail, the shares it represents will be voted at the Annual Meeting in accordance with your directions. If you properly submit your proxy with no direction, the proxy will be voted:

- For: The election of Ernst N. Csiszar, Julia L. Johnson and Jorge Mas as Class I directors to serve until the 2029 Annual Meeting of Shareholders.
- For: Ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the 2026 fiscal year.
- For: Approval of a non-binding advisory resolution regarding the compensation of our NEOs.
- In accordance with the recommendation of the Board “for” or “against” all other business as may properly be brought before the Annual Meeting and at any adjournments or postponements of the Annual Meeting.

## Can I change my vote after I have voted?

***You may revoke a proxy given pursuant to this solicitation at any time prior to its exercise by:***

- Delivering written notice to our Corporate Secretary at MasTec, Inc., 800 S. Douglas Road, 12th Floor, Coral Gables, Florida 33134.
- Executing and delivering to our Corporate Secretary a proxy with a later date.
- Participating in the Annual Meeting and voting on the Annual Meeting website; or
- Submitting a telephonic or electronic vote at a later date.

With respect to telephonic or electronic votes, the last vote transmitted will be the vote counted. Participation in the Annual Meeting will not constitute revocation of a proxy submitted by telephone or electronic means.

Brokerage firms, nominees, custodians and fiduciaries also may be requested to forward proxy materials to the beneficial owners of shares held by them as of the Record Date.

### **Who paid for this proxy solicitation?**

All expenses incurred regarding the solicitation of proxies, including the printing and mailing of this Proxy Statement should you request a printed copy of the proxy materials, will be borne by MasTec.

### **How do I obtain a list of MasTec's shareholders?**

### **How do I submit a proposal for the 2027 Annual Meeting?**

Under our bylaws, no business may be brought before an annual meeting unless it is specified in the notice of the meeting or is otherwise brought before an annual meeting by or at the direction of our Board or, in the case of business other than director nominations, by a shareholder entitled to vote who has delivered written notice as specified under our bylaws. Under our bylaws, we must receive any eligible proposal from an eligible shareholder intended to be presented at the 2027 Annual Meeting of Shareholders on or before December 10, 2026 for the proposal to be properly brought before that meeting, except that if the date of the 2027 Annual Meeting of Shareholders has been changed by more than 30 calendar days from the date contemplated at the time of this Proxy Statement, the notice shall be received not less than 150 calendar days prior to the date of the contemplated 2027 Annual Meeting of Shareholders or the date that is 10 calendar days after the date of the first public announcement or other notification to shareholders of the date of the contemplated 2027 Annual Meeting of Shareholders, whichever first occurs. This same deadline also applies for any shareholder proposal to be eligible for inclusion in our Proxy Statement and proxy related to that meeting pursuant to SEC Rule 14a-8. Any notice regarding any shareholder proposal must include the information specified in Article I, Section 9 of our bylaws. If a shareholder fails to comply with Article I, Section 9 of our bylaws or notifies MasTec after December 10, 2026 (or such other deadline in accordance with the above) of an intent to present any proposal at MasTec's 2027 Annual Meeting of Shareholders, irrespective of whether the shareholder is seeking to include the proposal in MasTec's Proxy Statement and proxy, the proposal will not be considered properly brought before the meeting. A copy of our bylaw requirements will be provided upon written request to: MasTec Legal Department, 800 S. Douglas Road, 12th Floor, Coral Gables, Florida 33134.

## Other Business

### Notice Procedures and Shareholders' Proposals for the 2027 Annual Meeting of Shareholders

Under our bylaws, no business may be brought before an annual meeting unless it is specified in the notice of the meeting or is otherwise brought before an annual meeting by or at the direction of our Board or, in the case of business other than director nominations, by a shareholder entitled to vote who has delivered written notice as specified by our bylaws. Under our bylaws, MasTec must receive any eligible proposal from an eligible shareholder intended to be presented at the 2027 Annual Meeting of Shareholders on or before December 10, 2026 for the proposal to be properly brought before the meeting, except that if the date of the 2027 Annual Meeting of Shareholders has been changed by more than 30 calendar days from the date contemplated at the time of this Proxy Statement, the notice shall be received not less than 150 calendar days prior to the date of the contemplated 2027 Annual Meeting of Shareholders or the date that is 10 calendar days after the date of the first public announcement or other notification to shareholders of the date of the contemplated 2027 Annual Meeting of Shareholders, whichever first occurs. This same deadline also applies for any shareholder proposal to be eligible for inclusion in our Proxy Statement and proxy related to that meeting pursuant to SEC Rule 14a-8. Any notice regarding any shareholder proposal must include the information specified in Article I, Section 9 of our bylaws. If a shareholder fails to comply with Article I, Section 9 of our bylaws or notifies MasTec after December 10, 2026 (or such other deadline in accordance with the above) of an intent to present any proposal at MasTec's 2027 Annual Meeting of Shareholders, irrespective of whether the shareholder is seeking to include the proposal in MasTec's Proxy Statement and proxy pursuant to SEC Rule 14a-8, the proposal will not be considered properly brought before the meeting. A copy of our bylaw requirements will be provided upon written request to: MasTec Legal Department, 800 S. Douglas Road, 12th Floor, Coral Gables, Florida, 33134.

In addition to satisfying the foregoing advance notice requirements, to comply with the universal proxy rules under the Exchange Act, shareholders who intend to solicit proxies in support of director nominees other than the Company's nominees must provide notice that sets forth the information required by Rule 14a-19 under the Exchange Act, including a statement that they intend to solicit the holders of shares representing at least 67% of the voting power of shares entitled to vote on the election of directors. Please note that the notice deadline under Rule 14a-19 is the same as the applicable notice period under the advance notice provisions of our bylaws described above.

### Other Matters that May Come Before the Annual Meeting

The Board does not intend to present, and knows of no others who intend to present, at the Annual Meeting any matter or business other than that set forth in the accompanying Notice of Annual Meeting of Shareholders. If other matters are properly brought before the Annual Meeting, it is the intention of the persons named in the proxy to vote any proxies on such matters in accordance with their judgment.

## Householding

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements, annual reports and Notices of Internet Availability of Proxy Materials with respect to two or more shareholders sharing the same address by delivering a single annual report and proxy statement addressed to those shareholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for shareholders and cost savings for companies.

A single annual report and proxy statement or Notice of Internet Availability of Proxy Materials will be delivered to multiple street name shareholders sharing an address unless contrary instructions have been received from one or more of the affected shareholders. Once a shareholder has received notification from its broker that it will be “householding” communications to such shareholder’s address, “householding” will continue until such shareholder is notified otherwise or until such shareholder notifies its broker or us that it no longer wishes to participate in “householding.” If, at any time, a shareholder no longer wishes to participate in “householding” and would prefer to receive a separate copy of the 2026 proxy statement and 2025 annual report or Notice of Internet Availability of Proxy Materials, and/or wishes to receive separate copies of proxy statements and annual reports or Notices of Internet Availability of Proxy Materials in the future, or if, at any time, shareholders who share an address and receive separate copies of the 2026 proxy statement and 2025 annual report or Notice of Internet Availability of Proxy Materials, would like to receive a single copy of our proxy statement and annual report or Notice of Internet Availability of Proxy Materials in the future, such shareholder or shareholders may (1) notify its or their broker or brokers or (2) direct its or their written or oral request to: MasTec, Inc., Legal Department, 800 S. Douglas Road, 12th Floor, Coral Gables, Florida 33134, (305) 599-1800.

Upon written or oral request of a shareholder at a shared address to which a single copy of the 2026 proxy statement and 2025 annual report or Notice of Internet Availability of Proxy Materials was delivered, we will deliver promptly separate copies of these documents.

***We request that you promptly request a proxy card to sign, date, and return or vote your proxy over the telephone or through the Internet so that your vote will be included at the meeting.***
